This will not in any way cause the Government of India to object to the rent now paid by the Secretary for his house. This is intended merely to lessen the work of the Pay and Accounts Office, Bangalore.

S.N. 19 A

Under the orders contained in para 9(4) of the --- Resolution of the Government of India, Foreign Department No. 1600-G., dated the 31st July, 1905, the maximum rent chargeable in the case of Political Officers serving in Indian States should be 5% on the salary instead of 10% under Fundamental Rule. As this is a special ----- concession, no one will object to the less rent paid by the Secretary.

The draft letters already submitted may perhaps now issue?

Ref. No. P.W.51,

Enclosures

11th April 1931.

To

The Secretary to the Hon'ble the Resident in Mysore,
B a n g a l o r e.

Subject:- Capital & Revenue Accounts of residential buildings.

.....

Sir,

I have the honour to invite a reference to Article 300 of Account Code which explains the purpose for which the Capital & Revenue Accounts of residential buildings are compiled annually. Their object is to review the results of the year and to determine if the allowance fixed for maintenance and repairs is sufficient to protect the State against any losses arising from the operation of the rules regarding recovery of rent.

In Bangalore there are 38 residential buildings under the control of the Hon'ble the Resident - Vide lists printed with Resident's Proceedings No. 4054, dated 16-5-1930 and 7970 dated 22-10-1930, for which Capital & Revenue Accounts are being compiled since 1927-28. But as I submit below, it seems that the compilation of the accounts for all these 38 residential buildings serves no useful purpose.

The buildings may be broadly divided into 4 classes:-

1. Petty buildings the cost of which does not exceed Rs.5,000/-.
2. Buildings situated within the precincts of hospitals, police lines, educational institutions, etc., which are allotted rent free to Government servants in order to ensure the proper performance of their duties.
3. Buildings, which, though not falling under any of the two classes mentioned above, are allotted rent-free under the orders of the

the Local Government to Government servants who are required to occupy particular houses for the proper performance of their duties.

4. Other residential buildings.

Items Nos. 3, 5, 6, 7, 9, 11, 12, 20, 29, 30, 31, 35 as well as items Nos. 1, 2, 10, 13, 14, 17, 18, 19, 21, ⁽²³⁾24, 26 and 36 in the list printed with Resident's Proceedings No. 4054, dated 16-5-1930 and 7970, dated ~~22-10~~²²⁻¹⁰-1930 fall under classes (1) & (2) above respectively. Under Article 301 (c) & (b) of the Account Code these buildings may be left out of the annual compilation. In the case of items 4, 8, 15, 16 & 25, ^{the} Municipal Engineer states that they are not actually situated within the precincts of police lines, and hospitals. But these buildings also appear to have been allotted rent-free to occupants in order to ensure the proper performance of their duties. If this is so these buildings also may be omitted from the Capital & Revenue Accounts under the note to Article 301 of the Account Code with the orders of the Local Government.

In the case of all these buildings, no rent is recovered, Vide correspondence ending with your recommendation to the Government of India No. 3669/21-1927, dated 3-5-1930. I request therefore that the sanction of the Hon'ble the Resident may be accorded to omit the buildings mentioned at (1) & (2) above from the Capital & Revenue Accounts, and that the approval of the Government of India, Foreign & Political Department, who is the Local Government under the Account Code, may be obtained for the omission of the buildings referred to in (3) above from the Capital & Revenue Accounts.

The Capital & Revenue Accounts would then include only the quarters of the Secretary to the Resident and of the Collector and of the Lady Doctor Hajee Sir Ismail Sait's Gosha Hospital for which rent is due to Government. This would give all necessary information to Government regarding outlay on and return from residential buildings, and save a good deal of unnecessary labour.

I beg the favour of very early sanction...

I have the honour to be,
Sir,
Your most obedient servant
Sheerwan
Pay and Accounts Officer.

Capital and Revenue Accounts of Residences in
Bangalore.

Sir,

I have the honour to refer to Article 300 of the Account Code which explains the purpose for which the Capital and Revenue Accounts of residential buildings are compiled annually. Their object is to review the results of the year and to determine if the allowance fixed for maintenance and repairs is sufficient to protect the State against any losses arising from the operation of the rules regarding recovery of rent.

2. In Bangalore there are 38 residential buildings under the control of the Hon^{ble} the Resident and the compilation of the accounts by the Pay and Accounts Office for all these 38 residential buildings serves no useful purpose - vide lists printed with Resident's proceedings No. 4054, dated the 16th May, 1930, and 7970, dated the 22nd October, 1930, for which the Capital and Revenue Accounts are being compiled since 1927-28,

Copies
enclosed.

The buildings may be broadly divided into 4 classes:-

- (1) Petty buildings the cost of which does not exceed Rs. 5,000/-
- (2) Buildings situated within the precincts of hospitals, police lines, educational institutions, etc., which are allotted rent free to Government servants in order to ensure the proper performance of their duties.

(3)

3) Buildings, which, though not falling under any of the two classes mentioned above, are allotted rent-free under the orders of the Local Government to Government servants who are required to occupy particular houses for the proper performance of their duties.

(4) Other residential buildings.

3. Under Article 301 of the Account Code, I have accorded sanction to omit the buildings which fall under items (1) and (2) above from the Capital and Revenue Accounts. The following buildings are not actually situated within the precincts of police lines and hospitals:

<u>Register No.</u>	<u>Name of buildings.</u>
1. 2/3	Inspector's quarters, Hosur Road.
2. 21	Sergeant's quarters, Commissariat Road.
3. 9	Inspector's quarters on Broadway Road.
4. 23	Prosecuting Inspector's quarters, Broadway Road.
5. 15	New House/ Surgeon's quarters on Hospital Road.

But they are allotted rent-free to occupants in order to ensure the proper performance of their duties. I request that the Government of India may be pleased to sanction the omission of the above buildings also from the Capital and Revenue Accounts.

4. The Capital and Revenue Accounts would then include only the quarters of the Secretary to the Resident and of the Collector and of the Lady Doctor, Hajee Sir Ismail Salt's Gosha Hospital for which rent is due to Government. This would give all necessary information to Government regarding outlay on and return from residential buildings

and

and save a good deal of unnecessary labour in the Pay and Accounts Office.

Municipal Executive Engineer,

CIVIL & MILITARY STATION, BANGALORE.

To

SIR,

General orders issued by the Hon'ble the Resident under S.R. 311, 318, 322, (1) 323 & 324, regarding the fixing of --- standard rent for residential buildings.

I have the honour to forward herewith a list of newly constructed residential buildings, showing the capital cost and rate of standard rent etc., for favour of issuing necessary orders.

The maintenance charge is calculated at 2% for the main buildings and 4½% for electric and sanitary fittings.

As regards the sub-Assistant Surgeon's quarters of Private wards, Gosha Hospital, the capital outlay represents that spent on the main building. Estimates for electric and sanitary fittings have since been sent for sanction and outlay on these heads will be intimated in due course.
